WHAT HAPPENS DURING CHILDREN'S PARTIES

The party starts with examining a real cocoa pod and cocoa beans while tasting different kinds of chocolate.

Everyone then chooses a chocolate mould and the children are taught how to pipe the chocolate into the moulds. This is followed by dipping giant marshmallows into the chocolate and decorating them with a variety of chocolate beans, silver balls and other embellishments. Children are then taught how to pipe with chocolate and after a practice session, are given a blank lolly to create a chocolate masterpiece!

The moulded chocolates made earlier are then demoulded and everything is packed and ribboned to take home – no goody bag required!

WHAT HAPPENS DURING TEEN'S PARTIES

The party will start off by learning about how chocolate is made and tasting different kinds of chocolate. This is followed by a demonstration on chocolate making by our chocolatier.

Everyone makes their own unique and individual ganache (cream/chocolate based filling) using a wide range of natural ingredients and will pipe this into their chocolate moulds.

Everyone is taught how to professionally decorate chocolates using fine piping techniques and after a brief practice session, they put your new found skills to the test by decorating a chocolate lolly.

They will then be able to professionally decorate their own chocolates using fine piping techniques.

At the end of the session everyone takes home a beautifully packaged box of their very own chocolates (14 chocolates per teen) and lolly, to wow friends and family.
