

## CREATE YOUR OWN CHOCOLATE BAR

Make your own unique bar!

### OVERVIEW:

This activity is suitable for a relaxed networking event, product launches and conference breakouts where a short interactive, fun activity is required. After a short demonstration and practice session, delegates decorate their very own chocolate bar that they can take away with them at the end of the session.

**SUITABLE FOR:** Networking events, product launches, conference breakouts, parties.

**NUMBERS:** 20 - 500 delegates

**LOCATION:** Indoors

**DURATION:** As required

### OUTLINE ITINERARY:

We set up a table in the room with different chocolates for delegates to taste and a selection of undecorated chocolate bars. Each delegate has the opportunity to learn how to pipe with chocolate and then decorate his or her own chocolate bar.

Each delegate is given a 90g milk or dark chocolate bar and we will provide milk, dark & white chocolate to decorate with. Chocolate can be used as glue so we also provide mini chocolate beans, pink, white and chocolate crispy balls and dried fruit pieces to use as adornments.

Once the bars are set (average time 10 – 15 minutes), we provide wrapping and ribbon so that delegates can take them home to wow family and friends.

### GUIDELINES:

This session is intended to be for a period of one hour and will start with a brief introduction to chocolate and some chocolate tasting. The number of tables and chairs required for delegates is dependent on the numbers who will complete the activity in the time period allowed.

**WHAT'S INCLUDED:**

Professional chocolatiers

All necessary equipment

One bar per delegate (with the option to pay for additional bars on the night@£6 each)
