

CHOCOLATE CRAFT

CHILDREN & TEENS CHOCOLATE PARTIES

OVERVIEW

Wow your children and their friends with a fabulous chocolate making party. Including tasting, making and learning, this party is one never to be forgotten. Perfect for chocolate loving children and teenagers

SUITABLE FOR: **Children's Party** Children 8yrs and over
 Teenager's Party Children 11/12yrs and over

NOT SUITABLE FOR CHILDREN WITH A NUT ALLERGY AS WE HAVE NUTS ON THE PREMISES.

WHAT HAPPENS DURING CHILDREN'S PARTIES

The party starts with examining a real cocoa pod and cocoa beans while tasting different kinds of chocolate.

Everyone then chooses a chocolate mould, and the children are taught how to pipe the chocolate into the moulds. This is followed by dipping giant marshmallows into the chocolate and decorating them with a variety of chocolate beans, Sugar pieces and other embellishments. Children are then taught how to pipe with chocolate and after a practice session, are given a blank lolly to create a chocolate masterpiece!

The moulded chocolates made earlier are then demoulded and everything is packed and ribboned to take home – no goody bag required!

WHAT HAPPENS DURING TEEN'S PARTIES

The party starts off by learning about how chocolate is made and tasting different kinds of chocolate. This is followed by a demonstration on chocolate making by our chocolatier.

Everyone makes their own unique and individual ganache (cream/chocolate-based filling) using a wide range of natural ingredients and will pipe this into their chocolate moulds.

Everyone is taught how to professionally decorate chocolates using fine piping techniques and after a brief practice session, they put your newfound skills to the test by decorating a chocolate lolly.

They can then decorate their own chocolates using fine piping techniques.

At the end of the session everyone takes home a beautifully packaged box of their very own chocolates (14 chocolates per child) and lolly, to wow friends and family.
